

ISSE / SICHERHEIT 2010

INFORMATION SECURITY SOLUTIONS EUROPE CONFERENCE

organised jointly with

SICHERHEIT 2010

5 - 7 OCTOBER 2010, BERLIN, GERMANY

CALL FOR CONTRIBUTIONS

HOSTED BY:

- The German Federal Ministry of the Interior

ORGANISED BY:

- ENISA - The European Network and Information Security Agency
- eema - The Independent European Association for e-Business
- TeleTrust – The IT security competence network
- GI – Gesellschaft für Informatik e.V.

ISSE is the only independent, interdisciplinary, unbiased and European focused conference for the presentation and discussion of technical, commercial, organisational, legal and political concepts for information security as well as privacy and data protection.

The focus of ISSE is on security as a part of business processes and electronic transactions.

One of the biggest challenges today is to manage security in applications: issues like return on investment, total cost of ownership, risk management as well as interoperability are of great importance. In 2010 ISSE will focus on submissions on implemented security solutions and case studies from specific application areas and industry sectors:

- eBusiness
- financial sector and enterprise security
- health care
- eGovernment and public sector
- private sector

In 2010, ISSE is co-located with SICHERHEIT, the biannual congress on safety and security of Gesellschaft für Informatik (GI e.V.), the German organisation of computing professionals. Traditionally, the attendees of SICHERHEIT are mainly from Universities and research laboratories in Germany. SICHERHEIT will have its own program committee and proceedings (see <http://www.sicherheit2010.de>).

THIS CALL FOR CONTRIBUTIONS IS INTENDED TO...

...call for papers and other contributions such as round tables, panels and plenaries. Papers can be accepted for the ISSE Book regardless whether they will be presented at ISSE 2010.

CERT/CSIRT – European and Global Developments, Resilience of Networks and Services, surveillance technics and analytics

Cybercrime and Forensics, Fraud Detection & Prevention

INSTRUCTIONS FOR SUBMISSIONS

Presentations and other contributions at ISSE conferences are invited as well as selected from abstracts submitted in advance. The process is completely neutral: speakers are solely selected on the merit of their submissions and their position in the organisation.

- Please submit an extended abstract using the ISSE 2010 template ([Download](#))
- If you want to submit a round table, a panel or a plenary (maybe even as a joint session with SICHERHEIT) please also use the ISSE 2010 template
- Please submit a short speaker bio, full contact details of speaker and a list of speaking references in addition to your abstract

- Please indicate the topic area of the presentation, the level of your presentation (basic, intermediate, technical), classification (such as case study, research report, survey article, position paper) as well as the target group you want to address (legal audience, technical audience, business audience)
- Subject line of email MUST contain speaker's name, only electronic submissions will be reviewed
- Please submit to: Sophie Hellmann, Programme Manager,
TeleTrusT Deutschland e.V.
sophie.hellmann@teletrust.de (receipt of submission will be confirmed by e-mail)
Tel: +49 173 3543069

Submissions to SICHERHEIT are evaluated in a separate submission process (see <http://www.sicherheit2010.de>). Joint submission of a paper to both ISSE and SICHERHEIT is not possible.

DEADLINE FOR SUBMISSIONS

APRIL 6TH 2010

In case that you are invited as a speaker please note: ISSE does not offer honorariums or reimburse travel expenses. Every speaker will be charged a nominal fee of 300 € to cover a part of the costs related to your conference participation.

ISSE BOOK

ISSE offers a publication of the accepted papers as printed proceedings in "Securing Electronic Business Processes - Highlights of the Information Security Solutions Europe 2010 Conference". **Product placement is unacceptable!**

WEB SITE
